PROFESSIONAL SUMMARY

I am a recent graduate from San Jose State University who currently works full time in a management position, to support myself through college, with applied experience in React.js, Python, Java, and SQL. Looking for an entry level position with a competitive and fast paced company.

SKILLS

- HTML, XML, CSS
- Python
- JavaScript (React, Node.js)
- Yarn
- SQL
- Java
- Agile
- C++ (OpenFrameworks)
- Scala

WORK HISTORY

Lead of Sales and Operations, 10/2016 to Current

Last Call Entertainment – San Jose, CA

- Supervised employees in providing excellent customer service and high quality performance
- Devoted special emphasis to punctuality and worked to maintain outstanding attendance record, consistently arriving to work ready to start immediately.
- Monitored social media and online sources for industry trends.
- Performed various administrative functions, including filing paperwork, delivering mail, sorting mail, office cleaning and bookkeeping, as well as handling restocking and deliveries.

Software Developer, 08/2018 to 12/2019

Senior Project – San Jose, CA

- Created a taxi app that takes users from the bay to any of the three major airports in the bay area (San Jose, Oakland, San Francisco)
- Developed using agile software development techniques
- Frontend was created using React.js, React Redux, Yarn
- Backend was created using Python flask and SQL

- Hosted by Docker
- <https://taxi.zr.is>
